

## Pacific Paradise, Timari Street Streetscape Revitalisation Project

Project number: P-B3895

### Saturday 14 October 2017 construction works

6am – 3pm Timari Street  
(weather permitting)

#### Zone A - Concrete pouring and drainage works

We wish to advise businesses and residents that weekend construction work will take place tomorrow, Saturday 14 October from 6am to 3pm in Timari Street, Pacific Paradise.

The work involves major concrete pouring and drainage construction.

All work will take place in Zone A (refer map at right) and is subject to favourable weather conditions.

Weekend construction is being undertaken in this area to fast-track works and reopen the area to pedestrians and vehicles (car parking) as soon as possible.

Zone A remains due for completion by late October/early November 2017.

#### What to expect during construction

The area will remain bordered by safety fencing. There will be:

- Large machinery in operation including concrete trucks
- Intermittent noise (with louder works from 7am – 9am)
- Traffic control in operation.

The project team will continue to liaise directly with affected property/business owners to discuss this work in detail. We apologise for any inconvenience and would like to thank you for your patience during this work.
